(1) As regards dividends, the Government within whose jurisdiction tax is charged on the profits out of which a dividend is paid, will retain the tax on the part of those profits represented by the dividend and will allow such refund on the dividend as may be due under the provision of its income-tax law, corresponding to Section 48 of the Indian Income-tax Act, while the Government in whose jurisdiction the dividend is received will include it in the "total income" of the assessee concerned for the purpose of fixing the *rate* of and the *liability* to tax, but will waive its claim to levy tax in respect of the dividend.

(2) As regards income derived from the practice of a profession or vocation, the Government within whose jurisdiction it arises or accrues will tax it, while the Government in whose jurisdiction it is received will include it in the "total income" of the assessee for the purpose of determining liability to, and the *rate* of, tax provided that—

(i) the income earned in Mysore by a resident in British India or in British India by a resident in Mysore shall be charged to tax in British India or Mysore, as the case may be, if it has not already been, or will not be, charged to tax in Mysore or British India;

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE, BANGALORE.

Circular No. C. 2998—29-30, *dated 4th February* 1930, *from the Revenue Commissioner in Mysore to the Deputy Commissioners of Districts.*

It is desirable actively to stimulate the Village Panchayets to make needful efforts in the direction of increasing production from their lands. Introducing improved ploughs is one of the recognised steps to be taken in this connection. Wherever these have been introduced, there has been a steady increase in demand for such improved ploughs by the agriculturists in those areas.

2. But these improved ploughs have yet to be introduced into a large number of villages in the State. As the people of those parts may be hesitating to invest on the new ploughs, it is desirable that the Village Panchayets of such places are advised to purchase a couple of ploughs and hire them out to the raiyats at the lowest possible rates, which may, if necessary, be recovered after the crops are harvested.

3. The Deputy Commissioners are therefore requested to issue necessary instructions to the Amildars to take needful early steps so that these ploughs may be available for the next ploughing season.

4. It should be easily possible for each taluk to introduce something like 100 ploughs every season in this manner.

5. The Agricultural Department should be consulted as regards the kind of plough suitable for each area and other particulars. Indents should be made sufficiently in advance to that Department for the number of ploughs required, so that the raiyats may not be inconvenienced by not having the ploughs supplied to them in time.

6. Progress made in this respect may be intimated to this office at the end of March.

P. G. D'SOUZA,
Revenue Commissioner.

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. T. A. D. Mis. 171, *dated* 10*th February* 1930.

Subject.—Noting the pay on 1st July of each year in a separate page at the end of Service Register.

To

All Heads of Departments and Offices.

Reference is invited to this Office Circular No. 623—Pen., dated 1st October 1929 (published on page 1315, Part IV of the *Mysore Gazette*, dated 17th October 1929), regarding instructions in the matter of preparing applications for Compassionate Gratuity. According to para 2 of this circular the calculation of admissible compassionate gratuity is to be made on the basis of the pay on 1st July of each year, as entered in the Annual Return of establishment taking into consideration the increment or promotion that may accrue on that date. To enable the head of the office to readily calculate the total gratuity admissible while submitting the application for Gratuity, it is necessary to maintain a separate record of the pay on 1st July as shown in the annual return of establishment of each year. All heads of offices are therefore requested to see that this information is recorded in an abstract at the end of the Service Register in the following form,* the entry being made every year at the time of the preparation of the annual return of establishment and attested by the head of the office at the time of signing the return.

* Year	Pay on 1st July	Initials of the head of the office	Remarks

SUBJECT.—Instructions in regard to the compilation of the monthly returns of Stamps.

Circular No. 172—*Tad. Mis., dated* 12*th February* 1930.

To

All Treasury Officers.

Cases have come to notice in which the monthly Plus and Minus Memos of Stamps sent to this Office were not correctly prepared in some treasuries. The more common defects and irregularities noticed are as follows:—

(1) Receipts from Vendors were not shown separately but included in "Receipts from Central Depot."

(2) There were discrepancies in the value of Stamps sold as per Plus and Minus Memos and the value credited in the treasury accounts under the respective heads.

(3) The returns were sent without verifying the Closing Balance shown therein with the actual stock.

2. The following instructions, which are supplementary to those contained in Appendix XXXII, M. C. A. C. Vol. II, are, therefore, issued for future guidance.

(1) While compiling the monthly stamp account of each Taluk Treasury, the undermentioned points should receive special attention:—

(*a*) The opening balance should agree with the closing balance of the previous month.

(*b*) Receipts from the Local Depot, Receipts from Vendors (paid for in cash) and receipts for stamps issued in exchange should be shown as separate items under "Receipts."

(*c*) Total monthly sales, as shown in the sales register, stamps issued in exchange for other denominations, and damaged stamps returned to the Local Depot should be shown as separate items under "Issues."

(*d*) The Opening Balance plus total receipts minus total issues will be worked out and entered as Closing Balance. The Closing Balance so arrived at will be compared with the aggregate of the balances under "Double and Single Lock" as shown in the Double Lock and Single Lock Stock Registers.

(*e*) The actual stock at the end of each month (both in the Double Lock and in the Single Lock) should actually be counted by the Treasury Officer and the balance

actually found in the Double Lock and Single Lock should be noted separately in the monthly Stock Account and totalled. The total arrived at should agree with the Closing Balance already worked out.

(f) A certificate "Stock actually counted and found to agree" should be recorded by the Treasury Officer both in the Double Lock and Single Lock Stock Registers. (Both District and Taluk Treasuries). The monthly account rendered by the Branch Depot to the Local Depot should be accompanied by a certificate in the form prescribed in para 30 of Appendix XXXII, Mysore Civil Account Code, Volume II.

(g) A copy of the monthly account should be maintained in each treasury duly attested by the Treasury Officer.

(h) With a view to enable the Treasury to readily work out the total receipts and issues for each month it is necessary that separate columns should be provided in the Stock Register for "Total Receipts" and "Total Issues" in respect of each transaction. These two columns may be opened in manuscript till printed registers providing for these additional columns are supplied.

(2) The District Treasury should also prepare a monthly abstract of its transactions in the same way as Taluk Treasuries. The consolidated monthly account for the whole district will be compiled by the District Treasury in the manner laid down below:—

(a) The sales of each denomination at the District and Taluk Treasuries wil be posted into the register maintained for the compilation of the monthly account and added up so as to give the total sales in the District. If there are other issues such as (i) damaged stamps returned to the Commissioner of Stamps and (ii) stamps issued in exchange, the total of each will be worked out and shown under "Issues" separately.

(b) The balances at the Taluk Treasuries will be posted from the Taluk Stamp Accounts, and any stamps in transit and these will then be added up. Below this, the balances in the District Treasury under Double Lock and under Single Lock will then be posted and the three lines added up giving the balances in the District.

(c) The total issues will then be added to the Closing Balances. The opening balance will then be posted and added to the receipts from the Central Depot during the month. The two sets of grand totals should agree item by item. Sometimes there will be receipts from other sources, *e.g.*, receipts from Vendors (paid for in cash) or for which stamps are issued in exchange. These also will be worked out and shown under "Receipts" as separate items.

Note.—To find out the stamps in transit the date of acknowledgment of each consignment by the Branch Depot should be noted in the "Remarks" column of the Double Lock Stock Register against the particular item of issue.

(3) The following points should be borne in mind while compiling the consolidated monthly account for the whole District:—

(a) The opening balance should be the same as the closing balance of the previous month.

(b) Transfers between the Local Depot and the Branch Depots should not be taken into account.

(c) In respect of receipts from Vendors paid for in cash, reference to the number, date and amount of voucher should be given in the "Remarks" column of the monthly account.

(d) As regards damaged stamps sent to the Commissioner of Stamps, the date of transmission should be noted in the "Remarks" column.

(e) The figures shown both on the receipt and issue sides against "Stamps issued in exchange" should be the same.

(f) The total sales for the whole District under each kind of stamps should agree with the amount credited in the District Treasury Cash account under the respective heads.

(g) The difference between the Opening Balance and the Closing Balance should represent (receipts from the Central Depot plus receipts from Vendors paid for in cash) minus (sales plus damaged stamps sent to the Commissioner of Stamps).

(4) The register maintained for consolidating the transactions of the district will serve as office copy of the monthly account rendered to the Commissioner of Stamps and at the time of signing the monthly account, the entries in the register should be checked and initialled by the Treasury Officer. An office copy of the monthly Plus and Minus Memo sent to the Comptroller should also be maintained duly attested by the Treasury Officer.

(5) The Monthly Account rendered to the Commissioner of Stamps and the monthly plus and minus memo sent to the Audit Office should be accompanied by the Stock Verification Certificate prescribed in para 30 of Appendix XXXII, Mysore Civil Account Code, Volume II.

S. SHAMANNA,
Comptroller.

Circular No. T. A. D. Mis. 171, *dated 10th February* 1930.

Subject.—Noting the pay on 1st July of each year in a separate page at the end of Service Register.

To

All Heads of Departments and Offices.

Reference is invited to this Office Circular No. 623—Pen., dated 1st October 1929 (published on page 1315, Part IV of the *Mysore Gazette*, dated 17th October 1929), regarding instructions in the matter of preparing applications for Compassionate Gratuity. According to para 2 of this circular the calculation of admissible compassionate gratuity is to be made on the basis of the pay on 1st July of each year, as entered in the Annual Return of establishment taking into consideration the increment or promotion that may accrue on that date. To enable the head of the office to readily calculate the total gratuity admissible while submitting the application for Gratuity, it is necessary to maintain a separate record of the pay on 1st July as shown in the annual return of establishment of each year. All heads of offices are therefore requested to see that this information is recorded in an abstract at the end of the Service Register in the following form,* the entry being made every year at the time of the preparation of the annual return of establishment and attested by the head of the office at the time of signing the return.

* Year	Pay on 1st July	Initials of the head of the office	Remarks

Circular No. 172—*Tad. Mis., dated* 12*th February* 1930.

SUBJECT.—Instructions in regard to the compilation of the monthly returns of Stamps.

To

All Treasury Officers.

Cases have come to notice in which the monthly Plus and Minus Memos of Stamps sent to this Office were not correctly prepared in some treasuries. The more common defects and irregularities noticed are as follows:—

(1) Receipts from Vendors were not shown separately but included in "Receipts from Central Depot."

(2) There were discrepancies in the value of Stamps sold as per Plus and Minus Memos and the value credited in the treasury accounts under the respective heads.

(3) The returns were sent without verifying the Closing Balance shown therein with the actual stock.

2. The following instructions, which are supplementary to those contained in Appendix XXXII, M. C. A. C. Vol. II, are, therefore, issued for future guidance.

(1) While compiling the monthly stamp account of each Taluk Treasury, the undermentioned points should receive special attention:—

(*a*) The opening balance should agree with the closing balance of the previous month.

(*b*) Receipts from the Local Depot, Receipts from Vendors (paid for in cash) and receipts for stamps issued in exchange should be shown as separate items under "Receipts."

(*c*) Total monthly sales, as shown in the sales register, stamps issued in exchange for other denominations, and damaged stamps returned to the Local Depot should be shown as separate items under "Issues."

(*d*) The Opening Balance plus total receipts minus total issues will be worked out and entered as Closing Balance. The Closing Balance so arrived at will be compared with the aggregate of the balances under "Double and Single Lock", as shown in the Double Lock and Single Lock Stock Registers.

(*e*) The actual stock at the end of each month (both in the Double Lock and in the Single Lock) should actually be counted by the Treasury Officer and the balance actually found in the Double Lock and Single Lock should be noted separately in the monthly Stock Account and totalled. The total arrived at should agree with the Closing Balance already worked out.

(*f*) A certificate "Stock actually counted and found to agree" should be recorded by the Treasury Officer both in the Double Lock and Single Lock Stock Registers. (Both District and Taluk Treasuries). The monthly account rendered by the Branch Depot to the Local Depot should be accompanied by a certificate in the form prescribed in para 30 of Appendix XXXII, Mysore Civil Account Code, Volume II.

(*g*) A copy of the monthly account should be maintained in each treasury duly attested by the Treasury Officer.

(*h*) With a view to enable the Treasury to readily work out the total receipts and issues for each month it is necessary that separate columns should be provided in the Stock Register for "Total Receipts" and "Total Issues" in respect of each transaction. These two columns may be opened in manuscript till printed registers providing for these additional columns are supplied.

(2) The District Treasury should also prepare a monthly abstract of its transactions in the same way as Taluk Treasuries. The consolidated monthly account for the whole district will be compiled by the District Treasury in the manner laid down below:—

(*a*) The sales of each denomination at the District and Taluk Treasuries wil be posted into the register maintained for the compilation of the monthly account and added up so as to give the total sales in the District. If there are other issues such as (i) damaged stamps returned to the Commissioner of Stamps and (ii) stamps issued in exchange, the total of each will be worked out and shown under "Issues" separately.

(*b*) The balances at the Taluk Treasuries will be posted from the Taluk Stamp Accounts, and any stamps in transit and these will then be added up. Below this, the balances in the District Treasury under Double Lock and under Single Lock will then be posted and the three lines added up giving the balances in the District.

(*c*) The total issues will then be added to the Closing Balances. The opening balance will then be posted and added to the receipts from the Central Depot during

the month. The two sets of grand totals should agree item by item. Sometimes there will be receipts from other sources, *e.g.*, receipts from Vendors (paid for in cash) or for which stamps are issued in exchange. These also will be worked out and shown under "Receipts" as separate items.

Note.—To find out the stamps in transit the date of acknowledgment of each consignment by the Branch Depot should be noted in the "Remarks" column of the Double Lock Stock Register against the particular item of issue.

(3) The following points should be borne in mind while compiling the consolidated monthly account for the whole District:—

(*a*) The opening balance should be the same as the closing balance of the previous month.

(*b*) Transfers between the Local Depot and the Branch Depots should not be taken into account.

(*c*) In respect of receipts from Vendors paid for in cash, reference to the number, date and amount of voucher should be given in the "Remarks" column of the monthly account.

(*d*) As regards damaged stamps sent to the Commissioner of Stamps, the date of transmission should be noted in the "Remarks" column.

(*e*) The figures shown both on the receipt and issue sides against "Stamps issued in exchange" should be the same.

(*f*) The total sales for the whole District under each kind of stamps should agree with the amount credited in the District Treasury Cash account under the respective heads.

(*g*) The difference between the Opening Balance and the Closing Balance should represent (receipts from the Central Depot plus receipts from Vendors paid for in cash) minus (sales plus damaged stamps sent to the Commissioner of Stamps).

(4) The register maintained for consolidating the transactions of the district will serve as office copy of the monthly account rendered to the Commissioner of Stamps and at the time of signing the monthly account, the entries in the register should be checked and initialled by the Treasury Officer. An office copy of the monthly Plus and Minus Memo sent to the Comptroller should also be maintained duly attested by the Treasury Officer.

(5) The Monthly Account rendered to the Commissioner of Stamps and the monthly plus and minus memo sent to the Audit Office should be accompanied by the Stock Verification Certificate prescribed in para 30 of Appendix XXXII, Mysore Civil Account Code, Volume II.

Comptroller.

MEMORANDUM.

No. 125—4, *dated* 28*th February* 1930.

For the convenience of those who would like to answer some at least of the main questions issued by the Committee on the subject of Women's Rights, but find it difficult to make a selection, the following points are suggested as suitable for an expression of opinion. It is requested that all answers may be sent not later than the 30th April 1930 to the address of the Secretary, Hindu Law Reform Committee, Bangalore.

K. S. CHANDRASEKHARA AIYAR,
Chairman.

Questions.

1. Have you any objection to its being laid down that no female relative shall be excluded or disqualified from inheritance merely on the ground of her sex, even when there are no other nearer heirs?

e.g. The step-mother and the daughter-in-law are not in the line of heirs at present. If sex is not considered a disqualification, they would come in the line of heirs.

2. Do you agree to the principle that the order of succession should be determined on general principles consonant with texts of law and based on nearness of blood and natural love and affection, those nearer in blood coming before those more remote, irrespective of sex?

e.g. At present the sister is postponed to the sister's son, though the daughter comes before the daughter's son and the mother before the brothers. According to the above principle the sister will also come in before the sister's son. The law has also been lately altered to this effect in British India.

3. Have you any objection to female heirs of a nearer degree of relationship being allowed to take before males of a remoter degree?

e.g. At present the son's daughter, daughter's daughter and sister are postponed to very distant agnates of even the 14th degree and to all male bandhus. According to the above principle the son's daughter, daughter's daughter and sister will come in next after the father's farther as has been recently enacted in British India.

JOINT FAMILY AND PARTITION.

4. Do you agree to the revival of the original practice ordained in the Smritis, of allotting a share on partition to the wife or widow mother and the daughter of a coparcener at the time of partition of joint family property? The practice is still in force in some Provinces, though it has become obsolete in Southern India. If the abeve principle be definitely recognized in Mysore, the wife, mother and daughter will get some share at partition.

5. Do you agree to allow the widow of a coparcener dying sonless before partition to succeed to his share of the property in the joint family and claim partition thereof?

MAINTENANCE.

6. Have you any objection to the amount of maintenance due to a female being fixed so as to include all her reasonable requirements having regard to present conditions of society?

e.g. Provision to be made not merely for food, raiment and residence and for the performance of religious and ceremonial duties but also for social duties and functions incidental to her station in life and for living in something like the same degree of comfort as she had in her husband's lifetime.

WOMEN'S POWERS OVER INHERITED PROPERTY.

7. Have you any objection to enlarging the powers of women over inherited property, or at least of those women who are born in the family like the daughter and sister, either to the same extent as possessed by men, or at any rate so as to empower them to make alienations etc., for reasonable. desirable, or beneficial purposes?

e.g. The widow, daughter, mother, sister and other female heirs have only a limited estate in property inherited by them. The above principle will allow them absolute or practically absolute rights of ownership.

8. Have you any objection to a material curtailment of the opportunities now available to reversioners for questioning or interfering with the acts of a female owner?

STRIDHANA.

9. Do you agree to the inclusion under a woman's stridhana of property obtained by her by inheritance or obtained as a share at partition?

10. Have you any objection to give a woman absolute powers of enjoyment and disposal over all her stridhana without interference or control on the part of the husband?

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 172—*Tad. Mis., dated* 12*th February* 1930.

SUBJECT.—Instructions in regard to the compilation of the monthly returns of Stamps.

To

All Treasury Officers.

Cases have come to notice in which the monthly Plus and Minus Memos of Stamps sent to this Office were not correctly prepared in some treasuries. The more common defects and irregularities noticed are as follows:—

(1) Receipts from Vendors were not shown separately but included in "Receipts from Central Depot."

(2) There were discrepancies in the value of Stamps sold as per Plus and Minus Memos and the value credited in the treasury accounts under the respective heads.

(3) The returns were sent without verifying the Closing Balance shown therein with the actual stock.

2. The following instructions, which are supplementary to those contained in Appendix XXXII, M. C. A. C. Vol. II, are, therefore, issued for future guidance.

(1) While compiling the monthly stamp account of each Taluk Treasury, the undermentioned points should receive special attention:—

(*a*) The opening balance should agree with the closing balance of the previous month.

(*b*) Receipts from the Local Depot, Receipts from Vendors (paid for in cash) and receipts for stamps issued in exchange should be shown as separate items under "Receipts."

(*c*) Total monthly sales, as shown in the sales register, stamps issued in exchange for other denominations, and damaged stamps returned to the Local Depot should be shown as separate items under "Issues."

(*d*) The Opening Balance plus total receipts minus total issues will be worked out and entered as Closing Balance. The Closing Balance so arrived at will be compared with the aggregate of the balances under "Double and Single Lock" as shown in the Double Lock and Single Lock Stock Registers.

(*e*) The actual stock at the end of each month (both in the Double Lock and in the Single Lock) should actually be counted by the Treasury Officer and the balance actually found in the Double Lock and Single Lock should be noted separately in the monthly Stock Account and totalled. The total arrived at should agree with the Closing Balance already worked out.

(*f*) A certificate "Stock actually counted and found to agree" should be recorded by the Treasury Officer both in the Double Lock and Single Lock Stock Registers. (Both District and Taluk Treasuries). The monthly account rendered by the Branch Depot to the Local Depot should be accompanied by a certificate in the form prescribed in para 30 of Appendix XXXII, Mysore Civil Account Code, Volume II.

(*g*) A copy of the monthly account should be maintained in each treasury duly attested by the Treasury Officer.

(*h*) With a view to enable the Treasury to readily work out the total receipts and issues for each month it is necessary that separate columns should be provided in the Stock Register for "Total Receipts" and "Total Issues" in respect of each transaction. These two columns may be opened in manuscript till printed registers providing for these additional columns are supplied.

(2) The District Treasury should also prepare a monthly abstract of its transactions in the same way as Taluk Treasuries. The consolidated monthly account for the whole district will be compiled by the District Treasury in the manner laid down below:—

(*a*) The sales of each denomination at the District and Taluk Treasuries wil be posted into the register maintained for the compilation of the monthly account and added up so as to give the total sales in the District. If there are other issues such as (i) damaged stamps returned to the Commissioner of Stamps and (ii) stamps issued in exchange, the total of each will be worked out and shown under "Issues" separately.

(*b*) The balances at the Taluk Treasuries will be posted from the Taluk Stamp Accounts, and any stamps in transit and these will then be added up. Below this, the balances in the District Treasury under Double Lock and under Single Lock will then be posted and the three lines added up giving the balances in the District.

(*c*) The total issues will then be added to the Closing Balances. The opening balance will then be posted and added to the receipts from the Central Depot during the month. The two sets of grand totals should agree item by item. Sometimes there will be receipts from other sources, *e.g.*; receipts from Vendors (paid for in cash) or for which stamps are issued in exchange. These also will be worked out and shown under "Receipts" as separate items.

Note.—To find out the stamps in transit the date of acknowledgment of each consignment by the Branch Depot should be noted in the "Remarks" column of the Double Lock Stock Register against the particular item of issue.

(3) The following points should be borne in mind while compiling the consolidated monthly account for the whole District.—

(*a*) The opening balance should be the same as the closing balance of the previous month.

(*b*) Transfers between the Local Depot and the Branch Depots should not be taken into account.

(*c*) In respect of receipts from Vendors paid for in cash, reference to the number, date and amount of voucher should be given in the "Remarks" column of the monthly account.

(*d*) As regards damaged stamps sent to the Commissioner of Stamps, the date of transmission should be noted in the "Remarks" column.

(*e*) The figures shown both on the receipt and issue sides against "Stamps issued in exchange" should be the same.

(*f*) The total sales for the whole District under each kind of stamps should agree with the amount credited in the District Treasury Cash account under the respective heads.

(*g*) The difference between the Opening Balance and the Closing Balance should represent (receipts from the Central Depot plus receipts from Vendors paid for in cash) minus (sales plus damaged stamps sent to the Commissioner of Stamps).

(4) The register maintained for consolidating the transactions of the district will serve as office copy of the monthly account rendered to the Commissioner of Stamps and at the time of signing the monthly account, the entries in the register should be checked and initialled by the Treasury Officer. An office copy of the monthly Plus and Minus Memo sent to the Comptroller should also be maintained duly attested by the Treasury Officer.

(5) The Monthly Account rendered to the Commissioner of Stamps and the monthly plus and minus memo sent to the Audit Office should be accompanied by the Stock Verification Certificate prescribed in para 30 of Appendix XXXII, Mysore Civil Account Code, Volume II.

Comptroller.

MEMORANDUM.

No. 125—H, *dated* 28*th February* 1930.

For the convenience of those who would like to answer some at least of the main questions issued by the Committee on the subject of Women's Rights, but find it difficult to make a selection, the following points are suggested as suitable for an expression of opinion. It is requested that all answers may be sent not later than the 30th April 1930 to the address of the Secretary, Hindu Law Reform Committee, Bangalore.

K. S. CHANDRASEKHARA AIYAR,
Chairman.

Questions.

1. Have you any objection to its being laid down that no female relative shall be excluded or disqualified from inheritance merely on the ground of her sex, even when there are no other nearer heirs?

e.g. The step-mother and the daughter in-law are not in the line of heirs at present. If sex is not considered a disqualification, they would come in the line of heirs.

2. Do you agree to the principle that the order of succession should be determined on general principles consonant with texts of law and based on nearness of blood and natural love and affection, those nearer in blood coming before those more remote, irrespective of sex?

e.g. At present the sister is postponed to the sister's son, though the daughter comes before the daughter's son and the mother before the brothers. According to the above principle the sister will also come in before the sister's son. The law has also been lately altered to this effect in British India.

3. Have you any objection to female heirs of a nearer degree of relationship being allowed to take before males of a remoter degree?

e.g. At present the son's daughter, daughter's daughter and sister are postponed to very distant agnates of even the 14th degree and to all male bandhus. According to the above principle the son's daughter, daughter's daughter and sister will come in next after the father's farther as has been recently enacted in British India.

JOINT FAMILY AND PARTITION.

4. Do you agree to the revival of the original practice ordained in the Smritis, of allotting a share on partition to the wife or widow mother and the daughter of a coparcener at the time of partition of joint family property? The practice is still in force in some Provinces, though it has become obsolete in Southern India. If the above principle be definitely recognized in Mysore, the wife, mother and daughter will get some share at partition.

5. Do you agree to allow the widow of a coparcener dying sonless before partition to succeed to his share of the property in the joint family and claim partition thereof?

MAINTENANCE.

6. Have you any objection to the amount of maintenance due to a female being fixed so as to include all her reasonable requirements having regard to present conditions of society?

e.g. Provision to be made not merely for food, raiment and residence and for the performance of religious and ceremonial duties but also for social duties and functions incidental to her station in life and for living in something like the same degree of comfort as she had in her husband's lifetime.

WOMEN'S POWERS OVER INHERITED PROPERTY.

7. Have you any objection to enlarging the powers of women over inherited property, or at least of those women who are born in the family like the daughter and sister, either to the same extent as possessed by men, or at any rate so as to empower them to make alienations etc., for reasonable, desirable, or beneficial purposes?

e.g. The widow, daughter, mother, sister and other female heirs have only a limited estate in property inherited by them. The above principle will allow them absolute or practically absolute rights of ownership.

8. Have you any objection to a material curtailment of the opportunities now available to reversioners for questioning or interfering with the acts of a female owner?

STRIDHANA.

9. Do you agree to the inclusion under a woman's stridhana of property obtained by her by inheritance or obtained as a share at partition?

10. Have you any objection to give a woman absolute powers of enjoyment and disposal over all her stridhana without interference or control on the part of the husband?

MEMORANDUM.

No. 125—H, *dated* 28*th February* 1930.

For the convenience of those who would like to answer some at least of the main questions issued by the Committee on the subject of Women's Rights, but find it difficult to make a selection, the following points are suggested as suitable for an expression of opinion. It is requested that all answers may be sent not later than the 30th April 1930 to the address of the Secretary, Hindu Law Reform Committee, Bangalore.

K. S. CHANDRASEKHARA AIYAR,
Chairman,

Questions.

1. Have you any objection to its being laid down that no female relative shall be excluded or disqualified from inheritance merely on the ground of her sex, even when there are no other nearer heirs?

e.g. The step-mother and the daughter in-law are not in the line of heirs at present. If sex is not considered a disqualification, they would come in the line of heirs.

2. Do you agree to the principle that the order of succession should be determined on general principles consonant with texts of law and based on nearness of blood and natural love and affection, those nearer in blood coming before those more remote, irrespective of sex?

e.g. At present the sister is postponed to the sister's son, though the daughter comes before the daughter's son and the mother before the brothers. According to the above principle the sister will also come in before the sister's son. The law has also been lately altered to this effect in British India.

3. Have you any objection to female heirs of a nearer degree of relationship being allowed to take before males of a remoter degree?

e.g. At present the son's daughter, daughter's daughter and sister are postponed to very distant agnates of even the 14th degree and to all male bandhus. According to the above principle the son's daughter, daughter's daughter and sister will come in next after the father's farther as has been recently enacted in British India.

JOINT FAMILY AND PARTITION.

4. Do you agree to the revival of the original practice ordained in the Smritis, of allotting a share on partition to the wife or widow mother and the daughter of a coparcener at the time of partition of joint family property? The practice is still in force in some Provinces, though it has become obsolete in Southern India. If the above principle be definitely recognized in Mysore, the wife, mother and daughter will get some share at partition.

5. Do you agree to allow the widow of a coparcener dying sonless before partition to succeed to his share of the property in the joint family and claim partition thereof?

MAINTENANCE.

6. Have you any objection to the amount of maintenance due to a female being fixed so as to include all her reasonable requirements having regard to present conditions of society?

e.g. Provision to be made not merely for food, raiment and residence and for the performance of religious and ceremonial duties but also for social duties and functions incidental to her station in life and for living in something like the same degree of comfort as she had in her husband's lifetime.

WOMEN'S POWERS OVER INHERITED PROPERTY.

7. Have you any objection to enlarging the powers of women over inherited property, or at least of those women who are born in the family like the daughter and sister, either to the same extent as possessed by men, or at any rate so as to empower them to make alienations etc., for reasonable, desirable, or beneficial purposes?

e.g. The widow, daughter, mother, sister and other female heirs have only a limited estate in property inherited by them. The above principle will allow them absolute or practically absolute rights of ownership.

8. Have you any objection to a material curtailment of the opportunities now available to reversioners for questioning or interfering with the acts of a female owner?

STRIDHANA.

9. Do you agree to the inclusion under a woman's stridhana of property obtained by her by inheritance or obtained as a share at partition?

10. Have you any objection to give a woman absolute powers of enjoyment and disposal over all her stridhana without interference or control on the part of the husband?

FINANCIAL DEPARTMENT.

SUBJECT.—Issue of Credit Notes on the Mysore Railways and Madras and Southern Mahratta Railway.

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 173—*T. A. D. Mis., dated* 29*th March* 1930.

To—All Officers authorised to issue Credit Notes on M. & S. M. Railway and Mysore Railways and the concerned heads of departments and heads of Offices.

Reference is invited to this office Circular No. 759—W. A. D. Mis., dated 13th June 1921 No. 13173, dated 20—26th February 1923 and No. 673—W. A. D. Mis., dated 27th April 1923 (reproduced at the end of this circular for ready reference) on the above subject, requiring among other things heads of offices to obtain from their subordinates monthly statements of Credit Notes or Warrants issued by them, and to furnish to the Audit Office a consolidated monthly list of Credit Notes or warrants issued by them and their subordinates.

At present these statements are not being regularly received from many offices and consequently much difficulty is felt in the matter of audit and allocation of the amounts of the Credit Notes, etc., passed on to this office for adjustment through the Railway Exchange Accounts. It is also not known whether the amount of these notes or warrants are being noted in the Contingent Registers of the Drawing and countersigning offices as expenditure against the Budget grant. It is therefore requested that these monthly statements may be arranged to be sent regularly in future so as to reach this office before the 15th of the following month and instructions contained in the circulars referred to above are followed. Special attention is invited to the following points :—

1. At the top of each Credit Note or Warrant the detailed head of account to which it is chargeable should be noted.

2. Separate Credit Notes should be issued for Contingent and Travelling Allowance charges and the credit note or warrant for Travelling Allowance charges should mentioned the name or names of individual (with designation).

3. The amount of each Credit Note or Warrant should be noted in red ink in the Contingent or Travelling Allowance register of (Acquittance Roll) the drawing officer in the same way as adjustment bills, as expenditure against Budget grant. The total amount of credit notes and warrants issued during each month relating to each detailed head of account should be noted in red ink at the foot of the Detailed Contingent bill and the balance available out of the Budget grant then worked out.

4. In the Contingent Register maintained in the countersigning office of monthly totals of these Credit Notes and Warrants should also be noted under the appropriate heads, at the time of countersigning the contingent bill.

5. At the foot of the monthly list sent to this office an abstract showing the total amount chargeable to each detailed head of account should also be given.

6. The debits raised in the Exchange Accounts on account of these Credit Notes and Warrants will be classified under the appropriate heads of account in the books of this office with reference to the information furnished in the above list and intimation of adjustment will be sent to the head of the office through the countersigning officer along with the connected Credit Notes and warrants, if necessary, *i.e.*, in cases where the amount of debit raised in the Exchange Accounts and advised by this office, differs from that noted in the list or where the details furnished in the Credit Notes and warrants are not sufficient to admit the amount in audit.

Note.—In the case of the P. W. D. and forest departments the amounts of Credit Notes and warrants will be charged to the Remittance Head and advised to the divisions for response in the divisional accounts.

7. The month of adjustment and number and date of this office intimation should be noted in the remarks column of the Contingent Register of the head of the office and in the Acquittance Roll (office copy of T. A. bills) against the item concerned.

8. The Credit Notes and warrants sent by this office should be returned within a week of their receipt duly accepted after scrutiny as regards the correctness of the amount claimed.

9. In respect of Credit Notes or warrants issued for journeys performed by Government Officers, particulars thereof should be furnished in the T. A. bills and the value thereof should be deducted from the Travelling Allowance due.

2. As regards the issue of Railway Warrants by Police Officers the special instructions contained in Appendix VIII A should also be followed.

S. SHAMANNA,
Comptroller.

Circular No. W. A. D. Mis. 759, *dated* 13*th June* 1921.

To

All Heads of Offices and Departments and Officers authorised to issue credit notes to Railway Administrations (M. & S. M. and Mysore Railways) for freight payable by departments.

The Madras and Southern Mahratta Railway Company has repeatedly brought to notice that there has been delay in the payment of their bills in respect of credit notes accepted by departments of the State, which are collected by them and forwarded to this office for cash payment. As the credit notes are in the first instance issued by the subordinate officers of the departments, and mostly at the destination, the acceptance of the responsible departmental head for incurring the charge against a specific budget grant has to be obtained after the receipt of the bills in this office, and the transmission of the bills to the latter and their return duly accepted to this office necessarily entails some delay in payment. With a view to prevent this, it is requested that all Heads of Offices and Departments under audit of the Comptroller will arrange to furnish statements of credits accepted by them and their subordinates in the accompanying form separately for M. & S. M. Railway Company and the Mysore Railways. The Heads of Offices will arrange to obtain from their subordinates

monthly statements of credit notes issued by them with the particulars required for preparing the statement to be sent to this office. Some of the Public Works Divisions are now submitting the statements prescribed above and they will continue to do so. It should particularly seen that the monthly statements prepared are correct and complete as the omission of any credit notes or the inclusion of any pertaining to a different month will, by entailing correspondence, frustrate, the object with which these statemants are prescribed. The allocation of the charges to the proper budget or account head should also be noted in the statements to facilitate classification of the items in the books of this office or their verification when finally adjusted in the compiled accounts rendered by Public Works Officers.

The amounts when paid by this office will be debited to the head. '33 E. other items' in the case of Public Works Officers and advised to them for eventual adjustment in the divisional accounts. The payments made on account of the Forest Department will be debited to 'Forest Remittances' and an advice sent to each Disbursing Officer, on receipt of which it should be adjusted in his cash account. In the case of other Civil Departments this office will take needful action to debit the payment to the final Budget head.

MYSORE RAILWAYS.

Circular No. 13173, *dated* 20—26*th February* 1923.

To

All Disbursing Officers under the circle of audit of the Comptroller who issue Credit Notes to the Mysore Railways Administration for Freight and Fares payable by Departments.

It has been found that the system followed at present for the adjustment or payment of the bills on account of freight and fares payable by the officers of the Civil and Public Works Departments of the State in respect of the Credit Notes issued by themselves or their subordinates has entailed much delay in the clearance of items and caused great inconvenience in accounting, with the result that there has been a large accumulation of unadjusted items on the books of this office. As the Credit Notes are, in the first instance issued in a majority of cases by the Subordinate Officers of the Departments and mostly at the destination, the acceptance of the responsible Departmental Head for incurring the charge against a specific Budget grant has to be obtained on the bills prepared and forwarded by this office, and the transmission of the bills to the latter and their return duly accepted to this office, necessarily entails some correspondence and delay in adjustment. With a view to prevent this and to ensure speedier clearance of items in the books of this office, it has been arranged with the Comptroller to make direct adjustments in the accounts between this office and the Comptroller in respect of all bills for freight and fares payable by the Departments under the Circle of audit of the Comptroller commencing with the account for January 1923. Under this new procedure, the bills and Credit Notes will not in future be sent to the Departmental Heads, as was being done hitherto, but will be passed on direct to the Comptroller along with the office accounts in support of the debit raised against the Civil Department for the total amount of bills.

The attention of the Disburing Officers under the circle of audit of the Comptroller who are authorised to issue Credit Notes to the Railway Administration for freight and fares payable by them is therefore invited to the requirements of the Comptroller's Circular No. WAD. Mis. 759, dated 13th June 1921 (*Vide* P. P. 399, Part IV of the *Mysore Gazette*, dated 23rd June 1921) and they are requested to kindly furnish that officer with a statement of Credit Notes issued by them or their subordinates from January 1923, onwards in the form prescribed in that Circular, to enable him to verify the bills sent by this office and make needful early adjustments in his books.

T. LAKSHMINARASIMHA RAO,
Auditor.

To

All Officers authorised to issue credit notes on Mysore Railways for freight and fares by Government Departments.

Sir,

Circular No. 673 W. A. D. Mis., dated 27th April 1923.

I have the honour to invite reference to Cir. No. 13173 of 24th February 1923, issued by the Auditor, Mysore Railways on the subject noted above and to state as follows:—

2. The amount of credit notes issued by the officers of the several departments, will, on receipt in this office, through the Railway Exchange Accounts, be debited to the proper heads of account. An advice of debit, so made will be sent to the head of the department concerned accompanied by the credit notes, whenever necessary. The amount advised should be included in the detailed contingent bill of the department in the same manner as work bills. Till it is accounted for in the detailed contingent bill, the amount debited by this office will be held under objection as for want of detailed contingent bills.

3. The procedure prescribed above does not apply to Public Works and Forest Departments. In the case of Public Works Department necessay intimation with the credit notes will be sent to each Executive Engineer with a request that it may be debited in his accounts to the final heads by credit to "34 Account Current between Civil and Railway Departments Items adjustable by Civil". The Executive Engineers are requested to include them in the accounts of the month in which they are received and return the credit notes to this office in support of the credit in their monthly accounts.

4. In the case of the Forest Department the charges will be debited to "Forest Remittancs" in this office and necessary advices sent to District Forest Officers to include them in their next accouts by debit to Final heads and credit to "Forest Remittances."

5. The heads of departments other than the Public Works and Forest Departments are requested to make arrangements for returning the credit notes sent by this office within a week of their receipt. The statement of credit notes issued on the Mysore Railways may be continued to be sent as hitherto.

I have the honor to be,
Sir,
Your most obedient servant,
T. SATYARAJ CHETTY,
Comptroller.

FINANCIAL DEPARTMENT.

SUBJECT.—Issue of Credit Notes on the Mysore Railways and Madras and Southern Mahratta Railway.

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 173—*T. A. D. Mis., dated* 29*th March* 1930.

To—All Officers authorised to issue Credit Notes on M. & S. M. Railway and Mysore Railways and the concerned Heads of Departments and Heads of Offices.

Reference is invited to this office Circular No. 759—W. A. D. Mis., dated 13th June 1921 No. 13173, dated 20—26th February 1923 and No. 673—W. A. D. Mis., dated 27th April 1923 (reproduced at the end of this circular for ready reference) on the above subject, requiring among other things heads of offices to obtain from their subordinates monthly statements of Credit Notes or Warrants issued by them, and to furnish to the Audit Office a consolidated monthly list of Credit Notes or warrants issued by them and their subordinates. At present these statements are not being regularly received from many offices and consequently much difficulty is felt in the matter of audit and allocation of the amounts of the Credit Notes, etc., passed on to this office for adjustment through the Railway Exchange Accounts. It is also not known whether the amounts of these notes or warrants are being noted in the Contingent Registers of the Drawing and Countersigning offices as expenditure against the Budget grant. It is therefore requested that these monthly statements may be arranged to be sent regularly in future so as to reach this office before the 15th of the following month and instructions contained in the circulars referred to above are followed. Special attention is invited to the following points :—

1. At the top of each Credit Note or Warrant the detailed head of account to which it is chargeable should be noted.

2. Separate Credit Notes should be issued for Contingent and Travelling Allowance charges and the credit note or warrant for Travelling Allowance charges should mention the name or names of individuals (with designation).

3. The amount of each Credit Note or Warrant should be noted in red ink in the Contingent or Travelling Allowance register of (Acquittance Roll) the drawing officer in the same way as adjustment bills, as expenditure against Budget grant. The total amount of credit notes and warrants issued during each month relating to each detailed head of account should be noted in red ink at the foot of the Detailed Contingent bill and the balance available out of the Budget grant then worked out.

4. In the Contingent Register maintained in the countersigning office the monthly totals of these Credit Notes and Warrants should also be noted under the appropriate heads, at the time of countersigning the contingent bill.

5. At the foot of the monthly list sent to this office an abstract showing the total amount chargeable to each detailed head of account should also be given.

6. The debits raised in the Exchange Accounts on account of these Credit Notes and Warrants will be classified under the appropriate heads of account in the books of this office with reference to the information furnished in the above list and intimation of adjustment will be sent to the head of the office through the countersigning officer along with the connected Credit Notes and Warrants, if necessary, *i.e.*, in cases where the amount of debit raised in the Exchange Accounts and advised by this office, differs from that noted in the list or where the details furnished in the Credit Notes and Warrants are not sufficient to admit the amount in audit.

Note.—In the case of the P. W. D. and Forest Departments the amounts of Credit Notes and Warrants will be charged to the Remittance Head and advised to the divisions for response in the divisional accounts.

7. The month of adjustment and number and date of this office intimation should be noted in the remarks column of the Contingent Register of the head of the office and in the Acquittance Roll (office copy of T. A. bills) against the item concerned.

8. The Credit Notes and Warrants sent by this office should be returned within a week of their receipt duly accepted after scrutiny as regards the correctness of the amount claimed.

9. In respect of Credit Notes or Warrants issued for journeys performed by Government Officers, particulars thereof should be furnished in the T. A. bills and the value thereof should be deducted from the Travelling Allowance due.

2. As regards the issue of Railway Warrants by Police Officers the special instructions contained in Appendix VIII A should also be followed.

S. SHAMANNA,
Comptroller.

Circular No. W. A. D. Mis. 759, *dated* 13*th June* 1921.

To

All Heads of Offices and Departments and Officers authorised to issue credit notes to Railway Administrations (M. & S. M. and Mysore Railways) for freight payable by departments.

The Madras and Southern Mahratta Railway Company has repeatedly brought to notice that there has been delay in the payment of their bills in respect of credit notes accepted by departments of the State, which are collected by them and forwarded to this office for cash payment. As the credit notes are in the first instance issued by the subordinate officers of the departments, and mostly at the destination, the acceptance of the responsible departmental head for incurring the charge against a specific budget grant has to be obtained after the receipt of the bills in this office, and the transmission of the bills to the latter and their return duly accepted to this office necessarily entails some delay in payment. With a view to prevent this, it is requested that all Heads of Offices and Departments under audit of the Comptroller will arrange to furnish statements of credits accepted by them and their subordinates in the accompanying form separately for M. & S. M. Railway Company and the Mysore Railways. The Heads of Offices will arrange to obtain from their subordinates monthly statements of credit notes issued by them with the particulars required for preparing the statement to be sent to this office. Some of the Public Works Divisions are now submitting the statements prescribed above and they will continue to do so. It should be particularly seen that the monthly statements prepared are correct and complete as the omission of any credit notes or the inclusion of any pertaining to a different month will, by entailing correspondence, frustrate, the object with which these statements are prescribed. The allocation of the charges to the proper budget or account head should also be noted in the statements to facilitate classification of the items in the books of this office or their verification when finally adjusted in the compiled accounts rendered by Public Works Officers.

The amounts when paid by this office will be debited to the head. '33 E. other items' in the case of Public Works Officers and advised to them for eventual adjustment in the divisional accounts. The payments made on account of the Forest Department will be debited to 'Forest Remittances' and an advice sent to each Disbursing Officer, on receipt of which it should be adjusted in his cash account. In the case of other Civil Departments this office will take needful action to debit the payment to the final Budget head.

MYSORE RAILWAYS.

Circular No. 13173, *dated* 20—26*th February* 1923.

To

All Disbursing Officers under the circle of audit of the Comptroller who issue Credit Notes to the Mysore Railways Administration for Freight and Fares payable by Departments.

It has been found that the system followed at present for the adjustment or payment of the bills on account of freight and fares payable by the officers of the Civil and Public

subordinates has entailed much delay in the clearance of items and caused great inconvenience in accounting, with the result that there has been a large accumulation of unadjusted items on the books of this office. As the Credit Notes are, in the first instance issued in a majority of cases by the Subordinate Officers of the Departments and mostly at the destination, the acceptance of the responsible Departmental Head for incurring the charge against a specific Budget grant has to be obtained on the bills prepared and forwarded by this office, and the transmission of the bills to the latter and their return duly accepted to this office, necessarily entails some correspondence and delay in adjustment. With a view to prevent this and to ensure speedier clearance of items in the books of this office, it has been arranged with the Comptroller to make direct adjustments in the accounts between this office and the Comptroller in respect of all bills for freight and fares payable by the Departments under the Circle of audit of the Comptroller commencing with the account for January 1923. Under this new procedure, the bills and Credit Notes will not in future be sent to the Departmental Heads, as was being done hitherto, but will be passed on direct to the Comptroller along with the office accounts in support of the debit raised against the Civil Department for the total amount of bills.

The attention of the Disbursing Officers under the circle of audit of the Comptroller who are authorised to issue Credit Notes to the Railway Administration for freight and fares payable by them is therefore invited to the requirements of the Comptroller's Circular No. WAD. Mis. 759, dated 15th June 1921 (*Vide* P. P. 399, Part IV of the *Mysore Gazette*, dated 23rd June 1921) and they are requested to kindly furnish that officer with a statement of Credit Notes issued by them or their subordinates from January 1923, onwards in the form prescribed in that Circular, to enable him to verify the bills sent by this office and make needful early adjustments in his books.

T. LAKSHMINARASIMHA RAO,
Auditor.

To

All Officers authorised to issue credit notes on Mysore Railways for freight and fares by Government Departments.

Sir,

Circular No. 673 W. A. D. Mis., dated 27th April 1923.

I have the honour to invite reference to Cir. No. 13173 of 24th February 1923, issued by the Auditor, Mysore Railways on the subject noted above and to state as follows:—

2. The amount of credit notes issued by the officers of the several departments, will, on receipt in this office, through the Railway Exchange Accounts, be debited to the proper heads of account. An advice of debit, so made will be sent to the head of the department concerned accompanied by the credit notes, whenever necessary. The amount advised should be included in the detailed contingent bill of the department in the same manner as work bills. Till it is accounted for in the detailed contingent bill, the amount debited by this office will be held under objection as for want of detailed contingent bills.

3. The procedure prescribed above does not apply to Public Works and Forest Departments. In the case of Public Works Department necessary intimation with the credit notes will be sent to each Executive Engineer with a request that it may be debited in his accounts to the final heads by credit to "34 Account Current between Civil and Railway Departments Items adjustable by Civil". The Executive Engineers are requested to include them in the accounts of the month in which they are received and return the credit notes to this office in support of the credit in their monthly accounts.

4. In the case of the Forest Department the charges will be debited to "Forest Remittances" in this office and necessary advices sent to District Forest Officers to include them in their next accounts by debit to Final heads and credit to "Forest Remittances."

5. The heads of departments other than the Public Works and Forest Departments are requested to make arrangements for returning the credit notes sent by this office within a week of their receipt. The statement of credit notes issued on the Mysore Railways may be continued to be sent as hitherto.

I have the honor to be,
Sir,
Your most obedient servant,

T. SATYARAJ CHETTY,
Comptroller.

FINANCIAL DEPARTMENT.

SUBJECT.—Issue of Credit Notes on the Mysore Railways and Madras and Southern Mahratta Railway.

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 173—*T. A. D. Mis., dated 29th March* 1930.

To—All Officers authorised to issue Credit Notes on M. & S. M. Railway and Mysore Railways and the concerned Heads of Departments and Heads of Offices.

Reference is invited to this office Circular No. 759—W. A. D. Mis., dated 13th June 1921 No. 13173, dated 20—26th February 1923 and No. 673—W. A. D. Mis., dated 27th April 1923 (reproduced at the end of this circular for ready reference) on the above subject, requiring among other things heads of offices to obtain from their subordinates monthly statements of Credit Notes or Warrants issued by them, and to furnish to the Audit Office a consolidated monthly list of Credit Notes or warrants issued by them and their subordinates. At present these statements are not being regularly received from many offices and consequently much difficulty is felt in the matter of audit and allocation of the amounts of the Credit Notes, etc., passed on to this office for adjustment through the Railway Exchange Accounts. It is also not known whether the amounts of these notes or warrants are being noted in the Contingent Registers of the Drawing and Countersigning offices as expenditure against the Budget grant. It is therefore requested that these monthly statements may be arranged to be sent regularly in future so as to reach this office before the 15th of the following month and instructions contained in the circulars referred to above are followed. Special attention is invited to the following points :—

1. At the top of each Credit Note or Warrant the detailed head of account to which it is chargeable should be noted.

2. Separate Credit Notes should be issued for Contingent and Travelling Allowance charges and the credit note or warrant for Travelling Allowance charges should mention the name or names of individuals (with designation).

3. The amount of each Credit Note or Warrant should be noted in red ink in the Contingent or Travelling Allowance register of (Acquittance Roll) the drawing officer in the same way as adjustment bills, as expenditure against Budget grant. The total amount of credit notes and warrants issued during each month relating to each detailed head of account should be noted in red ink at the foot of the Detailed Contingent bill and the balance available out of the Budget grant then worked out.

4. In the Contingent Register maintained in the countersigning office the monthly totals of these Credit Notes and Warrants should also be noted under the appropriate heads, at the time of countersigning the contingent bill.

5. At the foot of the monthly list sent to this office an abstract showing the total amount chargeable to each detailed head of account should also be given.

6. The debits raised in the Exchange Accounts on account of these Credit Notes and Warrants will be classified under the appropriate heads of account in the books of this office with reference to the information furnished in the above list and intimation of adjustment will be sent to the head of the office through the countersigning officer along with the connected Credit Notes and Warrants, if necessary, *i.e.*, in cases where the amount of debit raised in the Exchange Accounts and advised by this office, differs from that noted in the list or where the details furnished in the Credit Notes and Warrants are not sufficient to admit the amount in audit.

Note.—In the case of the P. W. D. and Forest Departments the amounts of Credit Notes and Warrants will be charged to the Remittance Head and advised to the divisions for response in the divisional accounts.

7. The month of adjustment and number and date of this office intimation should be noted in the remarks column of the Contingent Register of the head of the office and in the Acquittance Roll (office copy of T. A. bills) against the item concerned.

8. The Credit Notes and Warrants sent by this office should be returned within a week of their receipt duly accepted after scrutiny as regards the correctness of the amount claimed.

9. In respect of Credit Notes or Warrants issued for journeys performed by Government Officers, particulars thereof should be furnished in the T. A. bills and the value thereof should be deducted from the Travelling Allowance due.

2. As regards the issue of Railway Warrants by Police Officers the special instructions contained in Appendix VIII A should also be followed.

S. SHAMANNA,
Comptroller.

Circular No. W. A. D. Mis. 759, *dated* 13*th June* 1921.

To

All Heads of Offices and Departments and Officers authorised to issue credit notes to Railway Administrations (M. & S. M. and Mysore Railways) for freight payable by departments.

The Madras and Southern Mahratta Railway Company has repeatedly brought to notice that there has been delay in the payment of their bills in respect of credit notes accepted by departments of the State, which are collected by them and forwarded to this office for cash payment. As the credit notes are in the first instance issued by the subordinate officers of the departments, and mostly at the destination, the acceptance of the responsible departmental head for incurring the charge against a specific budget grant has to be obtained after the receipt of the bills in this office, and the transmission of the bills to the latter and their return duly accepted to this office necessarily entails some delay in payment. With a view to prevent this, it is requested that all Heads of Offices and Departments under audit of the Comptroller will arrange to furnish statements of credits accepted by them and their subordinates in the accompanying form separately for M. & S. M. Railway Company and the Mysore Railways. The Heads of Offices will arrange to obtain from their subordinates monthly statements of credit notes issued by them with the particulars required for preparing the statement to be sent to this office. Some of the Public Works Divisions are now submitting the statements prescribed above and they will continue to do so. It should be particularly seen that the monthly statements prepared are correct and complete as the omission of any credit notes or the inclusion of any pertaining to a different month will, by entailing correspondence, frustrate, the object with which these statements are prescribed. The allocation of the charges to the proper budget or account head should also be noted in the statements to facilitate classification of the items in the books of this office or their verification when finally adjusted in the compiled accounts rendered by Public Works Officers.

The amounts when paid by this office will be debited to the head. '33 E. other items' in the case of Public Works Officers and advised to them for eventual adjustment in the divisional accounts. The payments made on account of the Forest Department will be debited to 'Forest Remittances' and an advice sent to each Disbursing Officer, on receipt of which it should be adjusted in his cash account. In the case of other Civil Departments this office will take needful action to debit the payment to the final Budget head.

MYSORE RAILWAYS.

Circular No. 13173, *dated* 20—26*th February* 1923.

To

All Disbursing Officers under the circle of audit of the Comptroller who issue Credit Notes to the Mysore Railways Administration for Freight and Fares payable by Departments.

It has been found that the system followed at present for the adjustment or payment of the bills on account of freight and fares payable by the officers of the Civil and Public Works Departments of the State in respect of the Credit Notes issued by themselves or their

subordinates has entailed much delay in the clearance of items and caused great inconvenience in accounting, with the result that there has been a large accumulation of unadjusted items on the books of this office. As the Credit Notes are, in the first instance issued in a majority of cases by the Subordinate Officers of the Departments and mostly at the destination, the acceptance of the responsible Departmental Head for incurring the charge against a specific Budget grant has to be obtained on the bills prepared and forwarded by this office, and the transmission of the bills to the latter and their return duly accepted to this office, necessarily entails some correspondence and delay in adjustment. With a view to prevent this and to ensure speedier clearance of items in the books of this office, it has been arranged with the Comptroller to make direct adjustments in the accounts between this office and the Comptroller in respect of all bills for freight and fares payable by the Departments under the Circle of audit of the Comptroller commencing with the account for January 1923. Under this new procedure, the bills and Credit Notes will not in future be sent to the Departmental Heads, as was being done hitherto, but will be passed on direct to the Comptroller along with the office accounts in support of the debit raised against the Civil Department for the total amount of bills.

The attention of the Disbursing Officers under the circle of audit of the Comptroller who are authorised to issue Credit Notes to the Railway Administration for freight and fares payable by them is therefore invited to the requirements of the Comptroller's Circular No. WAD. Mis. 759, dated 13th June 1921 (*Vide* P. P. 399, Part IV of the *Mysore Gazette*, dated 23rd June 1921) and they are requested to kindly furnish that officer with a statement of Credit Notes issued by them or their subordinates from January 1923, onwards in the form prescribed in that Circular, to enable him to verify the bills sent by this office and make needful early adjustments in his books.

T. LAKSHMINARASIMHA RAO,
Auditor.

To

All Officers authorised to issue credit notes on Mysore Railways for freight and fares by Government Departments.

Sir,

Circular No. 673 *W. A. D. Mis., dated* 27*th April* 1923.

I have the honour to invite reference to Cir. No. 13173 of 24th February 1923, issued by the Auditor, Mysore Railways on the subject noted above and to state as follows:—

2. The amount of credit notes issued by the officers of the several departments, will, on receipt in this office, through the Railway Exchange Accounts, be debited to the proper heads of account. An advice of debit, so made will be sent to the head of the department concerned accompanied by the credit notes, whenever necessary. The amount advised should be included in the detailed contingent bill of the department in the same manner as work bills. Till it is accounted for in the detailed contingent bill, the amount debited by this office will be held under objection as for want of detailed contingent bills.

3. The procedure prescribed above does not apply to Public Works and Forest Departments. In the case of Public Works Department necessary intimation with the credit notes will be sent to each Executive Engineer with a request that it may be debited in his accounts to the final heads by credit to "34 Account Current between Civil and Railway Departments Items adjustable by Civil". The Executive Engineers are requested to include them in the accounts of the month in which they are received and return the credit notes to this office in support of the credit in their monthly accounts.

4. In the case of the Forest Department the charges will be debited to "Forest Remittances" in this office and necessary advices sent to District Forest Officers to include them in their next accounts by debit to Final heads and credit to "Forest Remittances."

5. The heads of departments other than the Public Works and Forest Departments are requested to make arrangements for returning the credit notes sent by this office within a week of their receipt. The statement of credit notes issued on the Mysore Railways may be continued to be sent as hitherto.

I have the honor to be,
Sir,
Your most obedient servant,

T. SATYARAJ CHETTY
Comvtroller.

SUBJECT.—Instructions in the matter of accounting of Government Grants to Village Panchayets for drinking water wells and Village Improvement Works.

To

The Deputy Commissioners of Districts,
All Amildars and Deputy Amildars.

Adverting to Government Order No. L. 1658-67—V. P. 27-28-30, dated 31st August 1929, directing that the grants from Government to village panchayets for drinking water wells and village improvement works may continue to be treated as outright grants and issuing certain general instructions for ensuring that the grants are used for the purposes for which they were allotted, the following supplementary instructions are issued in the matter of accounting of these Government grants.

1. The Panchayet should be required to show in the day book separately, the Government grant received (on the receipt side) and the name of the work and particulars of expenditure incurred out of the Government grant (on the disbursement side) and also maintain a subsidiary account of the grant received, spent and balance available on account of each work. A copy of this subsidiary account also may be required to be sent to the Amildar, monthly, along with copy of the day book.

2. In the classified abstract of receipts and expenditure maintained in the Taluk Office, the Government grant and the expenditure incurred therefrom will be shown under separate columns (to be opened).

3. The register of grant-in-aid prescribed for the Taluk Office in the above order will be maintained in form A (enclosed). The several grant santioned and drawn will be entered in serial order and a certificate will be furnished by the Amildar on the voucher for the Government grant presented at the treasury that the grant has been noted in this register. In this register two lines will be alloted for each work, the first line for noting the monthly expenditure, and the second for noting the expenditure up to the end of the month, in red ink. The expenditure incurred will be posted from copies of the day books and subsidiary accounts referred to in para 1 received from the panchayets. In the remarks column of this register the date of completion of each work the total outlay on the work, as also unspent Government grant, if any, transferred to panchayet fund proper should be noted.

APPENDIX A.

Dacca.—"This University do not feel the necessity of making any changes in the time for holding examinations of this University."

Punjab.—"This University has already accepted the principle that University Examinations should be held in a comparatively cool part of the year. On the requisition of certain Fellows of the University, a Sub-Committee was appointed to go into this question whose reports were considered by the Syndicate and the Senate. The dates of the examinations are now so adjusted as to render it unnecessary to hold any University Examination between the second half of May and September which are hot and unhealthy parts of the year in this Province. In all other examinations except the Matriculation only one paper a day in the cool hours of the morning is given. The Matriculation Examination commences early in March when weather conditions permit morning and evening sessions for the examination, but even then endeavour is made that the evening session consists of such subjects as are not offered by too large a number of students."

Lucknow.—"The letter was recorded."

Patna.—"The letter be recorded."

Agra.—"The Executive Council, at its meeting held on April 17, 1929, resolved that it be recorded."

Madras.—"The Syndicate has recorded the communication."

"In this connection, I have to state that the Syndicate and the Academic Council have already considered this question, and decided not to change the existing practice. A slight modification has however been made *re* answering of papers, *viz.*, that candidates are required to take only one paper a day, if it is of 3 hours' duration and two papers a day if they are of two hours' duration."

Benares.—"Our University Examinations commence in March. It is not possible to hold them earlier. The months of December, January and February are the most suitable months for strenuous study."

Rangoon.—"As the examinations of the University of Rangoon are held annually in February and March, this University is not interested in the suggestions of the Mysore University."

Bombay.—"The Syndicate hold the opinion that the question of the time when examinations are to be held is one which each University has, taking local circumstances into account, to decide for itself."

Aligarh.—"With reference to your letter No. 2423-2429, dated the 13th November 1929, I have the honour to say that the Academic Council of this University have considered your circular letter under reference and have decided that the examinations be held during the months of March and April. These months, you will agree, are comparatively cool part of the year."

Allahabad.—"With reference to your letter No. 2423-2429, dated the 13th November 1929, I have the honour to say that the University examinations are held in April in the mornings which are cool and pleasant and no inconvenience is experienced by the examinees on account of heat.

The question, therefore, so far as this University is concerned, does not arise."

Andhra.—"I am desired to inform you that the Senate which considered the above subject in December 1926, was not in favour for it."

Calcutta.—"Ordered—That the Secretary, Inter-University Board be informed that, in so far as this University is concerned, it is difficult, having regard to the number of examinations held, to hold all examinations of the University in the cool part of the year."

Annamalai.—"With reference to your letter No. 2423-2429, dated the 13th November 1929, requesting the opinion of this University on the proposal of the University of Mysore regarding the holding of University Examinations in a comparatively cool part of the year, I have the honour, by direction of the Syndicate, to inform you that, in its opinion, all the examinations should finish by the end of March every year."

OFFICE OF THE COMPTROLLER IN MYSORE, BANGALORE.

SUBJECT.—Regarding the presentation of preaudit bills for audit before 25th June 1930 in the Comptroller's Office.

Circular No. 177—*Pay Section, dated* 26*th May* 1930.

To

All Drawers of Bills in the State.

To avoid a rush of bills in the last few days of the official year, Drawing Officers are requested to send bills to this office for preaudit as early as possible and as each bill is ready without keeping them by till the end of the month of June. On account of the heavy work in the Audit Office, bills for Contingencies, supplies and services, received in this office after the 25th June 1930 cannot ordinarily be expected to be returned audited before the 30th June 1930.

SUBJECT.—Instructions regarding the disbursement and accounting of pay and grants on account of Village Elementary School Teachers.

Circular No. 176—*TAD. B., dated* 21*st May* 1930.

To

All Treasury Officers and Amildars.

According to this office Circular No. TAD. A. 1294-1303, dated 22nd January 1920 (reproduced at the end of this circular for ready reference) regarding the procedure to be adopted for the disbursement of pay and grants to Village Elementary School Masters; the Amildar is responsible for the proper disbursement of amounts of bills drawn by the Assistant Inspectors and Assistant Inspectresses and endorsed in his favour.

Cases have come to notice in which the amounts drawn from the Treasury were not accounted for properly and in several instances undisbursed pay was retained in the Taluk Office for more than three months contrary to the provisions of Article 82 M. C. A. C. Vol. I. In some offices details for the undisbursed cash on hand were also not readily available. It is further ascertained that in some Taluks the prescribed monthly statements of undisbursed amounts and undelivered money orders are not being sent to the Assistant Inspectors or Assistant Inspectresses. Postal and Payee's acknowledgments for amounts remitted by money orders are not being pasted against the names of the concerned teachers in the duplicate copies of bills (Acquittance Roll) but are kept loose in bundles with the result that it has not been found possible to find out whether in respect of amounts sent by money orders payee's acknowledgments have been received.

2. The attention of Treasury Officers is therefore invited to the instructions contained in the circular referred to above and they are requested to see that they are strictly followed in future. The monthly return due to the Assistant Inspectors or Assistant Inspectresses should be arranged to be sent before the due date *i.e.*, 25*th of the month* to enable the drawers of bills to shortdraw amounts remaining undisbursed for more than three months from the next original bill. The monthly return should furnish the following details:—

(1) Undisbursed pay as on the 22nd of the previous month.
(2) Amount drawn from 22nd of the last month (date and amount of each bill).
(3) Total amount disbursed.
(4) Balance remaining undisbursed on the 22nd of the current month (with full particulars such as details of bill, date of drawing, names of teachers and amounts drawn for each).

3. In order to enable the Amildars to work out easily detail for the undisbursed amounts on any day, a register of undisbursed pay should be maintained in the Taluk Office in form 18B. M. C. A. C. Vol. I, in addition to the Abstrrct Cash Book Imprest Register and other prescribed registers (*Vide* also Rule 5 of Article 82 M. C. A. C. Vol. I inserted by C. S. No. 135, dated 19th September 1928.)

Copy of letter No. TAD. A. 1294-1303, *dated* 22*nd January* 1920, *from the Comptroller of Mysore, Bangalore to the Deputy Commissioner, Treasury Departments of all Districts and Officer in charge, State Huzur Treasury, Bangalore.*

With reference to G. O. No. 8529-39—Edn. 33-18-3, dated the 8th March 1919 revising the procedure for disbursement of pay and grants to Village Elementary School masters and subsequent letter No. 6314—Edn. 211-19-2, dated 13th January 1920 from the Secretary to Government, Departments of Education and Agriculture on the subject, has the honour to note below the Procedure to be adopted in future for the preparation and payment of the bills for the same.

Two consolidated bills, one for grants to aided institutions and the other for salaries of Village Elementary School masters will be prepared in duplicate by the Assistant Inspector of Education for all the Village Elementary Schools in each taluk in his charge with the required certificate, absentee statements and statements of deductions on account of insurance and provident fund, house building advances, etc. The names of the teachers who are within a radious of 10 miles from taluk head quarters should be entered first in these bills and a total struck of the amount to payable. The names of the teachers residing beyond that distance should be detailed thereafter and separately totalled. The money order commission required to remit the net amount of pay due to the teachers should also be calculated and claimed in the bill, the amount of commission being entered separately in red ink. The bills so prepared in duplicate will be forwarded by the Assistant Inspector of Education, to the Amildar of the taluk together with the money order forms duly filled up in the case of teachers residing beyond 10 miles from the taluk head quarters. An abstract showing the total number of teachers for whom salaries and grants are drawn at different rates may be noted on the reverse of the last page of the bill to facilitate audit in this office.

The Amildar will receipt the contents of the bill with the disbursing officer's certificate recorded thereon and cash the bill at the treasury and arrage to make disbursement to the teachers within a radious of 10 miles on or after the 5th of every month giving them previous intimation of the date fixed for such payment and remit on the day on which the bill is cashed by money orders, the amounts due to teachers residing beyond that distance. One copy of the bill with all the certificates recorded in it will be forwarded to this office along with the treasury list of payments and the other copy retained in the taluk office for being used as an acquittance roll in which the signatures of the teachers will be taken and the money order acknowledgments received through the post office pasted against the names of the respective teachers. A memo containing full particulars of undisbursed amounts and undelivered money orders, if any, should be forwarded by the Amildar to the Assistant Inspector of Education on or before the 25th of the month following so that the same may be refunded by shortdrawal from the next bill.

Arrear bills should also be prepared by the Assistant Inspector of Education by reference to records maintained in his office and the memos of the undisbursed amounts received from the Amildar and forwarded in duplicate to the taluk treasury along with money order forms duly filled up in cases of payments to be made by money order, for encashment and payment to the teachers concerned.

The present practice of disbursing the salaries and grants to Village Elementary School master through Sheikdars will be done away with and the revised procedure detailed above brought into effect from the 1st of February 1920, *i.e.*, in respect of all bills the payment of which falls due from that date.

Circular No. 177—*Pay Section, dated* 26*th May* 1930.

To

All Drawers of Bills in the State.

To avoid a rush of bills in the last few days of the official year, Drawing Officers are requested to send bills to this office for preaudit as early as possible and as each bill is ready without keeping them by till the end of the month of June. On account of the heavy work in the Audit Office, bills for Contingencies, supplies and services, received in this office after the 25th June 1930 cannot ordinarily be expected to be returned audited before the 30th June 1930.

SUBJECT.—Instructions regarding the disbursement and accounting of pay and grants on account of Village Elementary School Teachers.

Circular No. 176—*TAD. B., dated* 21*st May* 1930.

To

All Treasury Officers and Amildars.

According to this office Circular No. TAD. A. 1294-1303, dated 22nd January 1 (reproduced at the end of this circular for ready reference) regarding the procedure to adopted for the disbursement of pay and grants to Village Elementary School Masters; Amildar is responsible for the proper disbursement of amounts of bills drawn by the Assi ant Inspectors and Assistant Inspectresses and endorsed in his favour.

Cases have come to notice in which the amounts drawn from the Treasury were no accounted for properly and in several instances undisbursed pay was retained in the Taluk Office for more than three months contrary to the provisions of Article 82 M. C. A. C. Vol. I. In some offices details for the undisbursed cash on hand were also not readily available. It is further ascertained that in some Taluks the prescribed monthly statements of undisbursed amounts and undelivered money orders are not being sent to the Assistant Inspectors or Assistant Inspectresses. Postal and Payee's acknowledgments for amounts remitted by money orders are not being pasted against the names of the concerned teachers in the duplicate copies of bills (Acquittance Roll) but are kept loose in bundles with the result that it has not been found possible to find out whether in respect of amounts sent by money orders payee's acknowledgments have been received.

2. The attention of Treasury Officers is therefore invited to the instructions contained in the circular referred to above and they are requested to see that they are strictly followed in future. The monthly return due to the Assistant Inspectors or Assistant Inspectresses should be arranged to be sent before the due date *i.e.*, 25*th of the month* to enable the drawers of bills to shortdraw amounts remaining undisbursed for more than three months from the next original bill. The monthly return should furnish the following details:—

(1) Undisbursed pay as on the 22nd of the previous month.
(2) Amount drawn from 22nd of the last month (date and amount of each bill).
(3) Total amount disbursed.
(4) Balance remaining undisbursed on the 22nd of the current month (with full particulars such as details of bill, date of drawing, names of teachers and amounts drawn for each).

3. In order to enable the Amildars to work out easily detail for the undisbursed amounts on any day, a register of undisbursed pay should be maintained in the Taluk Office in form 18B. M. C. A. C. Vol. I, in addition to the Abstrrct Cash Book Imprest Register and other prescribed registers (*Vide* also Rule 5 of Article 82 M. C. A. C. Vol. I inserted by C. S. No. 135, dated 19th September 1928.)

Copy of letter No. TAD. A. 1294-1303, *dated 22nd January* 1920, *from the Comptroller of Mysore, Bangalore to the Deputy Commissioner, Treasury Departments of all Districts and Officer in charge, State Huzur Treasury, Bangalore.*

With reference to G. O. Two consolidated bills, one for grants to aided institutions and the other for salaries of Village Elementary School masters will be prepared in duplicate by the Assistant Inspector of Education for all the Village Elementary Schools in each taluk in his charge with the required certificate, absentee statements and statements of deductions on account of insurance and provident fund, house building advances, etc. The names of the teachers who are within a radious of 10 miles from taluk head quarters should be entered first in these bills and a total struck of the amount to payable. The names of the teachers residing beyond that distance should be detailed thereafter and separately totalled. The money order commission required to remit the net amount of pay due to the teachers should also be calculated and claimed in the bill, the amount of commission being entered separately in red ink. The bills so prepared in duplicate will be forwarded by the Assistant Inspector of Education, to the Amildar of the taluk together with the money order forms duly filled up in the case of teachers residing beyond 10 miles from the taluk head quarters. An abstract showing the total number of teachers for whom salaries and grants are drawn at different rates may be noted on the reverse of the last page of the bill to facilitate audit in this office.

The Amildar will receipt the contents of the bill with the disbursing officer's certificate recorded thereon and cash the bill at the treasury and arrage to make disbursement to the teachers within a radious of 10 miles on or after the 5th of every month giving them previous intimation of the date fixed for such payment and remit on the day on which the bill is cashed by money orders the amounts due to teachers residing beyond that distance. One copy of the bill with all the certificates recorded in it will be forwarded to this office along with the treasury list of payments and the other copy retained in the taluk office for used as an acquittance roll in which the signatures of the teachers will be taken and money order acknowledgments received through the post office pasted against the names respective teachers. A memo containing full particulars of undisbursed amounts and ivered money orders, if any, should be forwarded by the Amildar to the Assistant Ins- of Education on or before the 25th of the month following so that the same may be ded by shortdrawal from the next bill.

Arrear bills should also be prepared by the Assistant Inspector of Education by reference records maintained in his office and the memos of the undisbursed amounts received from e Amildar and forwarded in duplicate to the taluk treasury along with money order forms ly filled up in cases of payments to be made by money order, for encashment and pay- ent to the teachers concerned.

The present practice of disbursing the salaries and grants to Village Elementary School master through Sheikdars will be done away with and the revised procedure detailed above brought into effect from the 1st of February 1920, *i.e.*, in respect of all bills the payment of which falls due from that date.

COMPTROLLER'S OFFICE, BANGALORE.

SUBJECT.—Instructions regarding the disbursement and accounting of pay and grants on account of Village Elementary School Teachers.

Circular No. 176—*TAD. B., dated* 21*st May* 1930.

To

All Treasury Officers and Amildars.

According to this office Circular No. TAD. A. 1294-1303, dated 22nd January 1920 (reproduced at the end of this circular for ready reference) regarding the procedure to be adopted for the disbursement of pay and grants to Village Elementary School Masters; the Amildar is responsible for the proper disbursement of amounts of bills drawn by the Assistant Inspectors and Assistant Inspectresses and endorsed in his favour.

Cases have come to notice in which the amounts drawn from the Treasury were not accounted for properly and in several instances undisbursed pay was retained in the Taluk Office for more than three months contrary to the provisions of Article 82 M. C. A. C. Vol. I. In some offices details for the undisbursed cash on hand were also not readily available. It is further ascertained that in some Taluks the prescribed monthly statements of undisbursed amounts and undelivered money orders are not being sent to the Assistant Inspectors or Assistant Inspectresses. Postal and Payee's acknowledgments for amounts remitted by money orders are not being pasted against the names of the concerned teachers in the duplicate copies of bills (Acquittance Roll) but are kept loose in bundles with the result that it has not been found possible to find out whether in respect of amounts sent by money orders payee's acknowledgments have been received.

2. The attention of Treasury Officers is therefore invited to the instructions contained in the circular referred to above and they are requested to see that they are strictly followed in future The monthly return due to the Assistant Inspectors or Assistant Inspectresses should be arranged to be sent before the due date *i.e.*, 25*th of the month* to enable the drawers of bills to shortdraw amounts remaining undisbursed for more than three months from the next original bill. The monthly return should furnish the following details:—

(1) Undisbursed pay as on the 22nd of the previous month.
(2) Amount drawn from 22nd of the last month (date and amount of each bill).
(3) Total amount disbursed.
(4) Balance remaining undisbursed on the 22nd of the current month (with full particulars such as details of bill, date of drawing, names of teachers and amounts drawn for each).

3. In order to enable the Amildars to work out easily detail for the undisbursed amounts on any day, a register of undisbursed pay should be maintained in the Taluk Office in form 18B. M. C. A. C. Vol. I, in addition to the Abstract Cash Book Imprest Register and other prescribed registers (*Vide* also Rule 5 of Article 82 M. C. A. C. Vol. I inserted by C. S. No 135, dated 19th September 1928.)

Copy of letter No. TAD. A. 1294-1303, dated 22nd January 1920, from the Comptroller of Mysore, Bangalore to the Deputy Commissioner, Treasury Departments of all Districts and Officer in charge, State Huzur Treasury, Bangalore.

With reference to G. O. No. 8529-39—Edn. 33-18-3, dated the 8th March 1919 revising the procedure for disbursement of pay and grants to Village Elementary School masters and subsequent letter No. 6314—Edn. 211-19-2, dated 13th January 1920 from the Secretary to Government, Departments of Education and Agriculture on the subject, has the honour to note below the Procedure to be adopted in future for the preparation and payment of the bills for the same.

Two consolidated bills, one for grants to aided institutions and the other for salaries of Village Elementary School masters will be prepared in duplicate by the Assistant Inspector of Education for all the Village Elementary Schools in each taluk in his charge with the required certificate, absentee statements and statements of deductions on account of insurance and provident fund, house building advances, etc. The names of the teachers who are within a radious of 10 miles from taluk head quarters should be entered first in these bills and a total struck of the amount to payable. The names of the teachers residing beyond that distance should be detailed thereafter and separately totalled. The money order commission required to remit the net amount of pay due to the teachers should also be calculated and claimed in the bill, the amount of commission being entered separately in red ink. The bills so prepared in duplicate will be forwarded by the Assistant Inspector of Education, to the Amildar of the taluk together with the money order forms duly filled up in the case of teachers residing beyond 10 miles from the taluk head quarters. An abstract showing the total number of teachers for whom salaries and grants are drawn at different rates may be noted on the reverse of the last page of the bill to facilitate audit in this office.

The Amildar will receipt the contents of the bill with the disbursing officer's certificate recorded thereon and cash the bill at the treasury and arrage to make disbursement to the teachers within a radious of 10 miles on or after the 5th of every month giving them previous intimation of the date fixed for such payment and remit on the day on which the bill is cashed by money orders the amounts due to teachers residing beyond that distance. One copy of the bill with all the certificates recorded in it will be forwarded to this office along with the treasury list of payments and the other copy retained in the taluk office for being used as an acquittance roll in which the signatures of the teachers will be taken and the money order acknowledgments received through the post office pasted against the names of the respective teachers. A memo containing full particulars of undisbursed amounts and undelivered money orders, if any, should be forwarded by the Amildar to the Assistant Inspector of Education on or before the 25th of the month following so that the same may be refunded by shortdrawal from the next bill.

Arrear bills should also be prepared by the Assistant Inspector of Education by reference to records maintained in his office and the memos of the undisbursed amounts received from the Amildar and forwarded in duplicate to the taluk treasury along with money order forms duly filled up in cases of payments to be made by money order, for encashment and payment to the teachers concerned.

The present practice of disbursing the salaries and grants to Village Elementary School master through Sheikdars will be done away with and the revised procedure detailed above brought into effect from the 1st of February 1920, *i.e.*, in respect of all bills the payment of which falls due from that date.
